David Natoli - Training

### **Alert Diver's Philosophy**

Alert Diver is a forum for ideas and information relative to diving safety, education and practice. Any material relating to diving safety or diving medicine or accident management is considered for publication. Ideas, comments and support are encouraged and appreciated.

The views expressed by contributors are not necessarily those advocated by DAN AP. DAN is a neutral public service organisation which attempts to interact with all diving-related organisations or persons with equal deference.

Alert Diver is published for the use of the diving public and it is not a medical journal. The use and dosage of any medication by a diver should be under the supervision of his or her physician.

© Alert Diver's text, illustrations or photographs may not be reproduced or reprinted without the expressed consent of Divers Alert Network and its authors, artists and photographers. Many articles are reprinted with the kind permission of DAN America.
